VOL. XX.—NO. 6059

PORTLAND, OREGON, FRIDAY SEPTEMBER 17, 1880

GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Building Destroyed in Milwaukee

MILWAUKEE, Sept 16—Last night a mob of several hundred men and boys made an attack upon the rink, one of the largest and finest buildings of its class in the country, and razed it to the ground. The police did not interfere and it was carried off piecemeal. The city has had trouble in getting the lessee to surrender his lease in order that an exhibition building might be built on the ground, which is owned by the city.

Electoral Substitutes

CHICAGO, Sept 16—The greenback state central committee have appointed five new elector electors in place of the electors appointed at their state convention, but who have since come out for other presidential candidates or have resigned.

St. Julien off the Track

The *Journal* says: The American Express car No 2, in which St Julien, the famous trotter, was shipped for Boston last night, jumped the track near Kalamazoo, Michigan, early this morning. After shaking him up pretty lively for a few seconds the car stopped, righted up with the horse square on his legs.

Explosion

POTTSVILLE, Sept 16—Five men were seriously and one slightly burned by sulphur explosion at Heckaber & Co's Kohinoor colliery near Shenandoah.

The Vermont Majority.

NEW YORK, Sept. 16—The Burlington Vermont *Free Press* gives the complete vote for governor of Vermont showing the republican majority to be 26,612, being a net gain in two years of 8399 republican votes.

Another Member of the Infamous Gully Family on Trial.

DEKALB, Miss. Sept. 16—The trial of Virgil and Houston Gully on the charge of the murdering of John P Gilmer in 1867 is progressing. The state has closed its case, having examined ten witnesses on the trial. On the trial of Henry J Gully for the murder of Cornelia Chisholm, of which he was acquitted, the plan of the prosecution was to establish a conspiracy. That plan is now abandoned. The state's proof thus far is that Virgil Gully fired the first and second shots at Gilmer. Witnesses for the defense testified that Virgil fired neither the first nor second shot because they were in conversation with him at the time.

One witness (Hopper) for the state testifies that he was in jail at the time Gilmer was killed and saw Houston Gully shoot at him after he was down.

Walter Morrison for the defense testifies that he was in jail with Hopper. They were looking at the crowd 300 yards away through a glass in the jail window, and could distinguish no one in the crowd of a hundred men or more. He did not see [illegible].

[illegible] Harvey testified that Houston was near him all the while, that Houston had no gun, and he is certain that he did not shoot at Gilmer.

Wilson Waddle testified that after the second shot he saw William Gully run out of the back door of his store in the direction Gilmer had gone, and after raising his gun to his shoulder immediately disappeared from view behind a corner of the store. An instant after he heard the report of a gun back of that house. This was the third and last shot. It was supposed at the time that Wm Gully fired it, but it was not certain. The defense closed.

Hancock and Tammany.

NEW YORK, Sept. 16—The *Herald* says: The committee from Tammany hall to make arrangements for a grand ratification meeting Thursday evening next waited last evening on Hancock with a request that he would review the procession. The general informed them he would carefully consider the matter and communicate his decision to the chairman.

Democratic Testimony.

John E. [illegible], who has just returned from Maine, told a *Herald* reporter that the republicans were using [illegible] boards to the very best advantage of their candidates, but admitted that the democratic party in Maine is animated by what they felt was certain victory in November, and contributed money freely to the campaign fund than for years.

Congressional Nominations.

ST LOUIS, Sept 16—The democrats of the eighth district of Missouri to-day nominated D C Allen for congress.

ST PAUL, Sept 16—M L McCormick has been nominated for delegate from Dakota by the democrats.

MILWAUKEE, Sept 16—The democrats of the 3d district to-day nominated M. M Colhein for congress.

National Republican Club Convention.

PHILADELPHIA, Sept. 16—The convention of republican clubs met at 11 A. M., T M Nichols of [illegible] temporary chairman. Over 300 delegates present, representing 18 states including [illegible]. Committees on credentials, permanent organization, rules of order and addresses were named. Recess taken till 4 P M.

The convention this afternoon elected the following permanent officers: General J R G Pitkin of Louisiana, president; J C Potts of Ohio, General A D Straight of Indiana and Fred Douglass of New York, vice presidents. An address and resolutions were adopted to the republicans of the nation. It is the strongest possible endorsement of the party. It sets forth that treason is wearing the mask of democracy to-day and attempting to accomplish what it failed in during four years of civil war. The democratic party is arraigned for its crimes in a manner forcible and exhaustive. The convention appointed a national committee of two from each state, with headquarters at Chicago, of which Franklin McVeigh of Illinois is chairman and T M Nichols of Wisconsin secretary.

Chicago Wins the Base Ball Championship.

CHICAGO, Sept. 16—By the victory of the Chicagos to-day over the Cincinnatis and the defeat of Providence by Boston, the championship for 1880 is secured to Chicago. It is now impossible for any club to overtake them even if it wins every game and if the Chicagos lose every game.

The End of Livingston's Fast.

NEW YORK, Sept. 16—Livingston after fasting nine days stopped to-night. To-night about 11 o'clock a man rushed into the hall and told Livingston that his wife had committed suicide in consequence of her husband's determination to continue the fast against her wishes. Livingston hurried home and found his wife in convulsions. He summoned a physician, who could not discover that Mrs. Livingston had taken any poison and concluded that it was only a device on her part to get her husband home.

More Lynching Probable.

NASHVILLE, Sept. 16—Two hundred men met at Bethel last night and discussed the question whether they would visit Springfield and lynch the remaining negroes connected with the Laprade murder, but afterwards dispersed. The six prisoners were brought here last night by the sheriff of Robertson county and placed in jail for safe keeping by order of Governor Marks.

The Creedmoor Shooting.

NEW YORK, Sept 16—Shooting began at Creedmoor this morning for international prizes. There were six entries for 200 yards. Following is the score: Connecticut 341, Military Division of the Atlantic 334, Military Division of the Pacific 334, New Jersey 332, Military Division of Missouri 342, Pennsylvania 334. The weather was fine and clear till 4 M, and the wind favorable for shooting.

At 600 yards, out of a possible 420 the score stood as follows: Connecticut, 337; Military Division of the Atlantic 362; Military Division of the Pacific 332; New Jersey 322; Military Division of Missouri 350; Pennsylvania 331.

[illegible], Sept. 16—The international military match resulted in the team of the first military division of Missouri winning the first prize with a total score out of a possible 1260 and the military division of the Pacific taking the second prize with a total of 1084.

FIGHT BETWEEN VANDERBILT AND GOULD

Efforts of the Western Indiana Road to Force an Entrance into Chicago—Almost a Riot.

[SPECIAL TO THE OREGONIAN.]

CHICAGO, Sept. 16—There has been considerable excitement to-day in that part of the south side through which the Chicago and Western Indiana railroad is attempting to gain an entrance to a convenient place for a passenger depot. The company has secured a state supreme court decision in its favor, has obtained several injunctions restraining railroad companies which cross it from interfering with its track laying, and has purchased and condemned the land which it needs, except a few small strips. Its opposition originates with the other railroad companies whose tracks it crosses and with some of the property owners on the route. This is in reality a great contest between the Vanderbilt and Gould interests, the Western Indiana being an entering road for the Grand Trunk and perhaps the Wabash. Last night the track was practically completed as far north as [illegible] the tracks of the Chicago, Burlington & Quincy, the Michigan Central [illegible] Chicago & Rock Island road [illegible] This evening about 20 employes of the Western Indiana began laying track on [illegible] 12th street. They succeeded in getting [illegible] pretty nearly all [illegible] The police under instructions from Mayor Harrison refused to interfere, and at midnight the railroad drew off its forces.

The case will be taken into the superior court to-morrow and it is expected that the company will ask for a warrant for Mayor Harrison for contempt of court. During the melee two of the workmen were hurt with bricks thrown by the mob. Had there been resistance on the part of the track layers a riot would probably have occurred. The outcome of the fight will be watched with great interest, as a quarrel between two great rival corporations. The Western Indiana people claim they have the law and decisions all in their favor and that all opposition to their entrance is lawless.

Work is progressing upon the new Presbyterian church in Lewiston. The building will probably be completed in six weeks.

Davis' Election Almost Certain

If 38 Towns to Hear From Vote as Last Year, he will Have 300 Majority

[SPECIAL TO THE OREGONIAN.]

AUGUSTA, Sept. 16—Returns received from [illegible] give the following vote: Davis 71,093; Plaisted [illegible]; Nye [illegible]; scattering 288. Davis ahead of all 139. There are yet 81 towns and plantations to hear from which voted last year as follows: Davis [illegible], Smith [illegible], Garcelon 1082, fusion majority over Davis 1345. If the 81 towns and plantations give the same as last year Davis [illegible] majority of 108. [illegible]

Better and Better

PORTLAND, Sept 16—Five plantations and towns in [illegible] the remotest upper waters of the Kennebec received this morning give Davis 193, Plaisted 121; last year Davis 136, Smith 14, Garcelon [illegible]. Republican majority two this year against a fusion [illegible] of 67 last year.

CHICAGO, Sept. 16—Many democratic clubs in Ohio wanted to hold jollification meetings over the news from Maine, but the state central committee prohibited all such on the ground that they would do more harm than good. [illegible] from their fancied security.

The Majority for Davis

NEW YORK, Sept. 16—The national republican committee claim that Davis is elected upon the basis of a dispatch from Maine saying Davis' majority will reach 1400.

The Last Democratic Gasp—Very Old News.

The national democratic committee received the following dispatch from Maine: 364 towns give Plaisted 69,997 and Davis 67,878, republican majority 1833. The same towns gave the opposition 55,332 and the republicans 70,497 in 1876, republican loss since 1876 13,277. 120 towns not yet heard from gave a considerable democratic majority in 1876. There is no doubt of Plaisted's election. For congress the contest between Lindsey and Philbrick is close and doubtful.

Barnum, chairman of the democratic committee, says the latest information is to the effect that Plaisted has a clear majority somewhere from 500 to 1000.

Some Genuine Returns

AUGUSTA, Sept. 16—Twenty three additional towns in Aroostook show the following result: Davis 1345, Plaisted 1124, Nye 2, scattering 12. In the same towns last year Davis had 1228, Smith 651, and Garcelon 378. Davis gains over all in these towns 9 votes. There are still 28 towns and plantations in Aroostook to be heard from. No returns from other towns of any consequence.

The Latest.

PORTLAND, Sept 16—Fifteen additional towns in Penobscot county give Davis 826, Plaisted 641. Last year Davis 807, Smith 502. Ten additional towns in Aroostook give Davis 309, Plaisted 254, scattering 13; republican majority 42. Last year Davis had 214, Smith 131, Garcelon, 70; fusion majority 37.

LATER—Four hundred and sixty towns give Davis 71,891, Plaisted 71,010; Davis plurality 881, scattering, 32. Same towns last year: Davis 67,805, Smith, 47,425, Garcelon, 20,769; fusion plurality, 27; scattering, 162. The towns to come gave Davis 1306, fusion 1916; fusion plurality of 608, scattering 81. Deduct fusionists plurality to come from the republican plurality on hand and Davis will have 2[illegible] plurality if the rest come in as last year. There are only 63 towns to hear from with an aggregate vote of 3305. Bluehill brings in a further republican gain of 37.

BLAINE TO GARFIELD.

Progress of the Count—The Single Chance against Davis.

[SPECIAL TO THE OREGONIAN.]

Senator Blaine sent the following dispatch this evening:

AUGUSTA, Me, Sept. 16

General Garfield, Mentor, Ohio—Indications now point unmistakably to the election of Gov Davis. If we could be assured of an honest vote and honest returns from the French plantations of Aroostook county every possibility of doubt would be removed. These plantations have been the hot bed of democratic frauds for thirty years past. We have not yet received their returns. The total vote for governor will reach nearly if not quite 74,000. Only twice in the history of our party in Maine has the vote reached 75,000, and never reached 76,000. The average annual vote for the past ten years has been little more than 60,000. Our people are in splendid heart and courage and will go into the November fight with the advantage of a popular majority on the contest of Monday last.

J G BLAINE

COURTEOUS TURFMEN.

Congratulations from the Managers of Maud S. to the Directors of St. Julien and Response.

CHICAGO, Sept 16—The *Times* gives this history: On the day Maud S and St Julien trotted at Rochester a placard was prepared bearing the words "best time ever made." When both of them trotted in precisely the same 2:11¾ the card was divided, Mr Hickok taking half and Capt Stone half. When St Julien lowered the record to 2:11¼ at Hartford, Maud S's half was sent to Mr Hickok with the following letter:

CINCINNATI, O

A Hickok, Esq—DEAR SIR—We have sent by express the other half of placard divided at Rochester between St Julien and Maud S, containing the proud inscription "best time ever made." By right of conquest that trophy now belongs exclusively to St Julien. Maud S gracefully yields it to him for two reasons: First, he has fairly won this honor; second—His record 2:11¼ is the only performance ever made worthy of her efforts to surpass. With high personal regards we remain very sincerely,

GEORGE N STONE,
W W BAIRD

In reply Mr Hickok sent the following:

MINNEAPOLIS, Minn, Sept 9 1880

Messrs Geo N Stone and W W Baird—DEAR SIRS: Accept my sincere thanks for your grateful acknowledgments of St. Julien's triumph over time and permit me to assure you that should the sceptre ever be wrested from him I could not be better pleased than to hear that it was by the peerless Maud S, the greatest six year old trotter the world has ever produced. With respect I remain yours truly,

ORIN A HICKOK

The intimation in the latter part of the letter from the friends of Maud to the effect that she might try again, her record having been beaten, was not an idle one and she is now here for the purpose of making that trial.

MAUD S FAILS

To Beat St. Julien's Time—She Trots in 2:11½ at Chicago.

[SPECIAL DISPATCH TO THE OREGONIAN.]

CHICAGO, Sept 16—There was a large audience at the Jockey club grounds this afternoon on account of the attempt of Maud S to beat 2:11¼. The weather was pleasant but there was a strong east wind. The appearance of Maud S on the track to trot against time for $2500 was the signal for hearty applause. Her first heat was made merely to warm her up and as she left her feet several times it was made in 2:26¾. The first quarter of her second heat was made steadily in 33¼ seconds and then she was cut loose for her best speed, making the half mile in 1:05¼. Her driver sped her at undiminished gait to the ¾ pole, which was reached in 1:36¾. Coming home there was scarcely less excitement than when the record was lowered in the summer meeting, for it seemed certain that she would make the mile in [illegible] but she left her feet when but a few yards from the wire and the heat was spoiled. However [illegible] watches did not seem to agree, [illegible] and making her time 2:11½, while the time announced by the judges was 2:11¾. [illegible] Maud S will be [illegible] on the track and may possibly be sent for a fast mile.

M Herold, prefect of the Seine, leaves the prefecture on account of his incompetent administration.

THE CASE OF THE "HO CHUNG"

What our Government will do about it—Interview with Secretary Evarts

[SPECIAL TO THE OREGONIAN.]

NEW YORK, Sept. 16—A Washington special to the *Commercial Bulletin* says: Within the next few days the department of state hopes to be in receipt of advices from China that will settle the status of the screw steamer *Ho Chung*, now lying at San Francisco. The whole question, Evarts said to-day to your representative, is one purely of interpretation of the statutes. There is, of course, nothing whatever in the various treaties relative to the vital question of discriminating in other than the charges specified in the treaties themselves, and hence the first and foremost matter to find out before coming to any settlement is whether China does or not discriminate against our vessels trading with her various ports. "Is that not easily determined?" was the natural query. "Oh yes," he replied, "but it may take longer between Washington and China than between China and Paris. For instance, the cabinet has taken no definite action in the premises beyond the president's refusal to issue a proclamation excepting this vessel from payment of dues. I should add, however, that there is no indication that we can find that China does thus discriminate.

"It is denied, and I know the spirit and wish of our government is to extend every reasonable and just facility to the Chinese empire in all matters of commerce."

The correspondent adds: In case it shall be established by the Chinese authorities that no tax beyond the alien tonnage mentioned in the treaty is exacted from American masters, that no discriminating duties are made, that no levies in the shape of excessive pilotage are exacted, and that our vessels are placed on a par in this respect with the vessels of China herself, then the president will issue a proclamation and the imposts levied on the *Ho Chung* will be returned, leaving for further consideration the factor in the problem which refers to the inequality between Chinese and American vessels in closed ports of the empire.

CAN'T AGREE.

Failure of Efforts to Compromise the Virginia Quarrel—To be Settled by the People

RICHMOND, Va, Sept 16—It is generally known that the plan of compromise submitted last night by the regular conservative committee to that of the readjusters provides for the formation of a mixed electoral ticket to be made up of five of the conservative electors and five of the readjuster electors and the eleventh elector to be named by a national democratic commission chosen by lot. The readjusters remained in session all night and finally agreed upon the following reply: They reject the plan proposed by the conservative committee, not out of any opposition to unite the supporters of Hancock and English, but of the belief that the proposed plan is not calculated to accomplish the objects sought. Yet in consideration of apprehensions which exist outside that division of the party may result in loss to the democracy of the electoral vote of Virginia, which apprehension is not shared in by readjusters, they propose that the electoral ticket question be settled by the people at the primary election to be held on the 16th of October, at which all persons shall be allowed to vote who pledge themselves to vote for Hancock and English. The reply will be submitted to the conservative committee this evening.

THE WHITMAN MONUMENT

Letter from Judge Pratt, Formerly of Oregon

The following is a copy of one of the many letters received by Mr W H Gray, corresponding secretary of the Pioneer and Historical society of Oregon, concerning Dr Whitman and the monument movement. This letter is from Hon O C Pratt, long and favorably known in Oregon [illegible] Judge Pratt says:

[illegible] Butte Co, Cal, June 14 1880

My Dear Sir: Your favor dated [illegible] reached [illegible] New York [illegible] the memory of Dr Marcus Whitman [illegible]

[illegible] and terminated by brutal assassination [illegible]. Such a man [illegible] type of benevolence and disinterestedness honors and is a blessing to any age or country, and the only wonder is that a character so [illegible] and great has so long been left without other commemoration than in the perishable memories of the earliest pioneers of Oregon, most of whom are already [illegible] in the grave. In this [illegible] of the virtues and worth of one of the [illegible] whenever either a band of christian missionaries or the vanguard of civilization [illegible] raise my voice [illegible] and with a grateful heart as much as anybody else. Concluding, will add that it will always gratify me to hear from you. Letters can be sent to my address at San Francisco or here (Durham, Butte county, California). Very truly your friend,

Agricultural Report

WASHINGTON, Sept 16—Returns to Sept. 1st regarding the condition of the wheat crop and harvest give a preliminary estimate. The September estimate gives the condition as 93 against 97 in 1879 and 87 in 1878. This estimate relates to quantity and quality and does not take into consideration increase of acreage. The condition of potatoes reported [illegible] shows a decline within one month of 8 per cent compared with the report of Sept 1 1879. There is a loss of 5 per cent in the buckwheat average. For the whole country the crop is 4 per cent less than last year at the same date.

Probably Captured.

WASHINGTON, Sept 16—It is believed that Senor Cabrera, Bolivian peace commissioner to the U S, has been captured by the Chilian fleet. He is long overdue and has not been heard from since he embarked for Panama en route to this country.

James Crea of Camas prairie, was taken insane to Lewiston on Thursday and conveyed by steamer by his son, J W Crea, to Portland. Last April he was kicked by a horse, his head knocked against the wall and his brain injured.

THE PRESIDENT AT MONTEREY

A Cordial Reception—Speeches by Hayes, Sherman, Ramsey and others.

[SPECIAL TO THE OREGONIAN.]

MONTEREY, Sept 16—The presidential party arrived at Monterey about [illegible] o'clock yesterday after [illegible] Mrs Hayes, Gen Sherman and [illegible] At half past [illegible] o'clock the party [illegible] was escorted [illegible] California [illegible] played [illegible]

Captain Borrowe introduced President Hayes, referring to Monterey both ancient and modern and [illegible] the fact that when General Sherman in 1847 lived in Monterey he [illegible] a huge punch bowl out of the bay.

The president then responded, eulogizing the people of the town, referring also to the beautiful surrounding country. He further made mention of San Jose, which place he had passed yesterday on his way, saying that it was the handsomest place he had seen since he had left New Haven and Cleveland.

Governor Ramsey of Minnesota was then introduced and delivered an appropriate speech.

General Sherman referred to the time when he was commander of the post at Monterey in 1847 and the hospitality of the people who resided here in those days. He was frequently applauded. He thanked the assemblage for the cordial reception they had given the president. The school children then sang "Marching Through Georgia," the general joining in the chorus with spirit.

Mrs Hayes was next introduced and was heartily cheered, she bowing acknowledgments.

The party were escorted in their carriages passing through Alvarado street toward the Hotel del Monte.

The party have concluded to remain here until to-morrow morning at 10 o'clock, at which hour they will leave and proceed direct to Menlo park as guests of Senator Sharon. The entire party were driven out to Pacific grove, Point Cypress, Carmel mission and other places of interest. All expressed themselves highly pleased with their visit. Gen Sherman will have a reception this evening at the Hotel del Monte. He has invited all the old pioneers to assemble there, where he will meet them and, as he says, have a tussle with them.

[illegible] SOUTH AMERICAN WAR

Glimpses of Peace—Interference of Foreign Nations

[SPECIAL DISPATCH TO THE OREGONIAN.]

NEW YORK, Sept 16—Dispatches from Panama say that news from the south [illegible] glimpses of peace at least are visible through foreign intervention. The Lima correspondent of the New York *Herald* writes under date of August 21st, the Hon I P Christiancy, American minister, left that capital August 5th and sailed from Callao the same day in the United States steamer *Wachusett* for the south and Arica. It is the general belief that his going to Santiago, the capital of Chile, [illegible] further than Arica, there to meet some high personage from the [illegible] and probably the bearer of important dispatches from the White House, and it is improbable some [illegible] will be acceptable to the power in Peru, Senor Pierola.

On the following day there was a meeting of French, English and Italian ministers in the palace, [illegible] to Arica with documents, the contents of which has not been disclosed. The same correspondent says that Chili has met with a check where she least expected it and from a quarter she neither dare nor can despise, and intimates that England, France and Italy have interfered.

The Peruvian torpedo boat sunk by the *Huascar* in Callao bay some months ago has been recovered by the Peruvians and is being refitted for service.

A meeting of capitalists was held at the palace the other day when it was resolved to advance twenty millions of hard dollars to the government, Senor Pierola having decided to issue no more paper.

The Daily Oregonian

FRIDAY MORNING SEPT 17 1880

LOOKING BEFORE AND AFTER

There is a goodly moderate and conservative class of northern democrats, to whom the democratic party is indebted for all its respectable and sound in all its political campaign for most of its direction and guidance and that class does not and cannot control the acts of the party when the party is once in power This has been proven by abundant instances This class has been constantly oversloughed and forced repeatedly to act with the republicans in order to arrest the mad tendencies of ignorance and passion in their own party The history of the last twenty five years is full of proofs of this fact Not to go back beyond a very few years we may call up the action of the ruling wing of the democratic party in regard to the national currency to the question of resumption to payment of the public debt and to the issues of the extra sessions of congress Moderate and far seeing democrats have been obliged to condemn the conduct of the more numerous and controlling class of their party on these and other leading measures and from their abundant experience they can not now prudently allow themselves to be blinded to the dangers which in all probability would be precipitated on the country by a triumph that would place power and opportunity for mischievous exercise of it in hands so unfit to hold it.

It is well known that under the methods of the democratic party congressional caucus dictates the policy of congress And the abid element of the democratic party being far more numerous than the other, controls the caucus always. This it was that gave the party its start in the mad career it pursued in the extra session Moderate and conservative members were helpless in the roaring current of this Bourbon radicalism So it has been in repeated instances during many years During the great war this largest section of the party was unfaithful to the duties of citizenship and patriotism, and in national convention demanded that the war to maintain national authority ought to be abandoned Since the war it has forced into the platforms of the party repeated declarations that the national debt ought to be paid through the reproductive power of the green back printing press, and has denounced and opposed specie resumption It has made repeated attacks in congress and out of congress, on the foundations of national authority, and has striven to introduce once more the old doctrine of state supremacy in negation of the just powers of the national government. On these and numerous other issues the wise and conservative men of the party have been utterly unable to hold the party back, or to keep it within the bounds of reasonable moderation Weight of numbers and urgency of passion have constantly overborne all the opposition they could make, and all these schemes have been defeated only because the republican party has stood as a solid wall against them

The constitutional amendments and other results of the great struggle through which the country has passed, this more numerous and powerful section of the democratic party does not accept as validly established In one of the national platforms of the party the amendments were pronounced revolutionary and void, and Gen. Hancock himself wrote a letter expressly endorsing that platform. A leading purpose with this dominant wing of the party is to enlarge the supreme court of the United States by the addition of a sufficient number of new judges to make the present judges a minority, and then secure from that tribunal a declaration that the constitutional amendments are void for want of sufficient ratification This view is in harmony with the belief and policy of the controlling element of the party. A bill has already been introduced by Manning of Mississippi, a colonel in the confederate army, entitled "a bill to reorganize the supreme court of the United States, which looks to this very end The bill was offered on the 26th January last. Known as house bill 3843, it is now on the calendar, awaiting action It provides for the appointment of twelve additional justices, thereby increasing the number of justices of the supreme court from nine to twenty-one, and thus by a single stroke which can be effected any day if the democratic party shall have full power, the whole composition of this highest tribunal may be changed at once so as to give the law to the country in favor of state authority and confederate principles, and against the principles of national supremacy. And this is the reaction to which the doctrines of the democratic party will logically lead it. The danger is not imaginary. It requires far less audacity than has been shown by this ruling section of the democratic party on many occasions heretofore, for this is not open rebellion, but an attack on the results of the war from the safe position of lawful authority and political power They who suppose it will not be attempted if opportunity is offered underestimate the earnestness with with which the ruling wing of the democratic party pursues its objects. Of course such a scheme would be foiled at last But it would plunge the country into the convulsions of a strife which no good citizen ought to be willing to risk or witness.

During twenty years past the democratic party has fiercely challenged all republican measures Reinforced now and led by the solid south, it is only natural to expect from the history of the party that it will, if it gains power, undo and reverse as far as it can all that has been done or established This would lead the country back over the weary waste of former discussion and contention It would revive political passions now smouldering out, and not improbably would blow them again into the flame of civil war Our people have been guided always, and often to their injury, by a sort of pleasing optimism, which believes in the existence of no danger till such danger is actually upon them A better prevision would have saved us many heavy penalties which we have been obliged to pay for a foolish trust in mere luck of circumstances to bring us out of all difficulties There is no better assurance of luck for a whole people than for individuals Nations as well as individual men must "look before and after'

LEGISLATION.

It would not be wise to assert or infer the efficiency of a legislative body from the great number of bills that may be brought before it Fortunately most of the legislation thus proposed never passes the first stage Otherwise we might see almost a verification of an old remark which suggests a doubt as to whether the world would contain the books which [illegible] this time might have been written Our report of proceedings shows that a multitude of bills has already been introduced Some of them relate to questions of leading im[illegible] but of the larger number the want would hardly be seriously felt by the public if they never passed beyond the first reading by title The tendency in legislative proceedings is to a diffuseness which consumes time Amid the wrangle and conflict of all sorts of bills leading measures do not receive adequate consideration There are a few subjects upon which legislation is really needed One of these is the long mooted question of taxation No words can exaggerate the importance of [illegible] better revenue system for the state Who will prepare and introduce a bill to create a [illegible] system of assessing [illegible] the can be done, certainly the legislature can abolish the system of deducting indebtedness allowing none except upon a clear showing and within narrow limits We don't know that any law could enforce assessment of property at its fair valuation as we have now a law on that subject quite as mandatory as any could be In fact we should do very well or at least far better under present laws if public opinion would only demand their strict enforcement The trouble on this subject is that people deluded with the idea that they are individually shirking taxes under existing laws do not call for enforcement of such laws as we have and perhaps would not submit to their enforcement in letter and spirit on any account And here on general principles is a lesson for law makers Too often it is thought that mere change of laws will effect any change that may be required when in fact the law unless in consonance with public opinion is only a dead letter and might as well not exist at all

---

This is the reconciliation proposed or offered by the solid south Let whoever votes with negroes against the democratic party be made a social leper shunned despised and hated Of course it is no such offense to vote with negroes *for* the democratic party The screed continues 'They (the persons who vote against the democratic party) have chosen to distrust the armistice that we the victors and the powerful have allowed From now henceforth let there be no peace or toleration for the public enemies who have abused our magnanimity and spurned our forgiveness of past crimes they have declared war against us, let them have it as long as there is one of them We do not now advocate the use of the shot-gun or bull whip (wonderful magnanimity !) but we mean that white skinned or negro who deliberately enters the fight for a radical state ticket will do so with the understanding that he will hereafter receive no favors or recognition from white men Let them understand that there will be no employment for them where it is possible to avoid it, that there will be no credit given them, that from them the last farthing will be relentlessly exacted that the kindness of masters will cease' This is from the Greenville (S C) *News* It is the old southern system of arrogance, proscription and intolerance And the Vicksburg *Herald*, commenting on the Alabama election says "It is another positive proof to the country that the south will never tolerate the thing known as republicanism The south has yet to be taught the primary and fundamental lesson of civilization and republican government. The coming election will show whether this medieval barbarism is to be enthroned in power in the national government, to be dislodged hereafter—for dislodged and put down it must be—perhaps at the cost of another great war

The publication known as the *Evening Alias* again misrepresents the testimony of Mr Cole, delivered in a recent suit at law in this city It is garbled throughout, making him say what he never said, and omitting the principal parts of what he did say Mr Cole requests us to say in the most distinct manner that his statements are falsely reported. This is our only reason for referring to the matter again. The creatures who run the *Evening Alias*, being known, as far as they are known at all as utterly irresponsible and contemptible scrubs, who make their living such as it is, as pirates, coiners of falsehoods and retailers of scurrile and malicious lies are protected by their insignificance and imbecility from the attention which persons of responsible standing and character would receive If, as their course indicates, they are operating in the interest of the well known politician whom they appear to be so anxious to serve he will discover in good time what a mistake he is again making

The *New Northwest* is out in eight-page form, with clear new type, broad columns and a general appearance and excellence which gives it a character even more distinctive than that by which it has been so well known heretofore Mrs Duniway is entitled to great credit for her energy and perseverance in carrying on this paper and building it up under many difficulties, and now aided by her sons, who have taken hold of the work with industry ability and skill, she sees the growth of her enterprise and its assured success The *New Northwest* is no 'patent' inside or outside concern, with four or six pages made up of stale matter printed in San Francisco or Chicago It is a fresh weekly wholly made up and printed here. Though in one respect a special paper its contents nevertheless embrace a wide variety of topics, in which if we may judge from the growth of the paper the public are taking an increasing interest. With the current number the paper begins its tenth year

It is apparent from the way in which the returns come in from the back districts of Maine, showing steady and uniform republican gains, that the state would have been carried by a large majority, had it not been for the lavish and criminal expenditure of money, under direction of the democratic national committee In the more accessible parts of the state votes were bought by the thousands This now is made more evident by the republican gains in remote places where voters are widely scattered and could not be reached. Fortunately this wholesale bribery failed, as the republicans have carried the state by a clear majority over all opposition And this revelation of the tactics of the party which wants a 'change' in the interest of purity and reform will be of value as showing the necessity of taking measures to defeat the like criminal scheme which undoubtedly will be tried next month in Indiana

Says *Harper Weekly* It is gravely asserted that if we lived in the southern states we should all stuff ballot boxes and that under no circumstances would we submit to negro rule' That is merely to say that intelligent citizens would not tolerate the government of the ignorant. It is untrue The greatest city on the continent tolerates it Hundreds of communities everywhere tolerate it Popular government always takes that risk. The white voters in Alabama and Mississippi and South Carolina when they stuff ballot boxes to prevent 'negro rule,' cheat New York, New England, the northwest and the whole union of its honest and legal will Reform of this infamous outrage upon the central principal of our institutions is the most urgent of all reforms The systematic destruction of the honest vote of large districts is a peril which necessarily takes precedence of all other issues in a popular government

Gen Weaver greenback candidate in all his speeches denounces the frauds he witnessed in the south At Portland Maine when he began on this theme, some of the leading democrats on the stage arose to go out Turning to them he said 'My democratic friends do hear the truth a simple truth you should all recognize Do you [illegible] with [illegible] negroes with [illegible] think it wrong to keep negroes from voting by force?' This is the condition here [illegible] 000 majority [illegible] Mississippi

It is rather a pity that Mr White of Seattle delivered that stirring address on decoration day at that place He is understood to have had an ambition for the democratic nomination for the delegateship But he was [illegible] on so [illegible] sentiments [illegible] expressed on the occasion referred to are not [illegible]

Last year the republicans did not carry the state of Maine This year they carry it by a clear majority over all So the election of governor will not go to the legislature as it did last year The result is a solid republican gain It will be the same in every northern state Republicans from this time forward will force the fighting at all points Earnestness and vigor now

Gen Hancock positively refuses to write the letter asked of him by some northern democrats taking strong ground against the payment of southern claims He knows better than his panic stricken advisers where democratic strength lies

FRIDAY MORNING SEPT 17 1880

CITY.

SAVED HIMSELF OFF.—A very laughable episode occurred yesterday at the court house which afforded no small measure of amusement to a number of persons. Among those employed in building the vault in which are to be kept the records of the county is a hod carrier whose name need not be mentioned. In this connection a scantling used in the scaffolding protruded several feet beyond the platform, and was so much in the way of the masons and carriers that it was determined to saw off the end. Anxious to display his skill as a carpenter one of the transporters of mortar and brick seized hold of a saw and ascended the staging. He stepped out triumphantly on the protruding scantling, six or seven feet from the edge of the platform and proceeded to use the saw between where he was standing and the scaffold. Half a dozen strokes weakened the support so that it broke short off and precipitated the unskillful carpenter to the ground a distance of about ten feet. Fortunately the altitude was small or the man might have met with severe injuries. He did not appear to realize the ludicrous situation until he picked himself up and gazed on the shouts of laughter which greeted him.

AN ANGRY AUDIENCE.—Early yesterday evening the Chinese theater, at the corner of Second and Alder streets came near being the scene of a genuine tragedy not down in the bills. It seems that the theatrical management had advertised to give a certain performance and that another play was substituted. The Chinese auditors considered themselves bilked, and got very angry at the disappointment. From anger they proceeded to open defiance and finally worked up by getting perfectly furious knives and pistols were drawn and a number of the auditors were about to make a concerted attack on the actors, who were on the stage, when several police officers appeared on the scene and promptly quelled the riot and prevented bloodshed.

COMMODORE NUTT'S EXPERIENCE.—Commodore Nutt, the famous dwarf who is so well known in Portland, having resided here for several years, recently appeared in the Jefferson Market police court in New York as complainant in a larceny case. Nutt it seems, had been drinking with a young man named John Morey, and both became much intoxicated. On getting sober the Commodore made the unwelcome discovery that his gold watch, valued at $100 which had been presented to him by P T Barnum was gone. Morey was charged with the larceny of the watch and held to await the action of the grand jury in the sum of $1000. Nutt however, failed to recover his timepiece.

"MORE LIGHT."—This seems to be the watchword at present with the city fathers. At the last meeting of the common council the committee on streets and public property was authorized to cause street lamps to be placed at the following places Jefferson and Sixth, Fifth and Jackson Sixth and Jackson, South First and Porter South First and Caruthers South Fourth and Sherman, South Fourth and Caruthers, North Seventh and L, Eleventh and Madison, North Nineteenth and E Ninth and Mill, North Second and D, North West Park and North West Park and F, North Eighth and South Eighth and H

A HORSE ON THE RAMPAGE.—Last Wednesday while the noted race horse Glen Dudley was being practiced on the track at Reeces he took one of those wild notions which many have seen him indulge in and ran away with his jockey. He ran as but few horses in Oregon can run, fairly flying for six or seven miles, stopping only when he was exhausted. His rider, who in the meantime had been thrown, was picked up in an insensible condition and medical aid at once summoned. The horse was pretty badly used up by his self-imposed exertions, and the jockey was injured, was very seriously hurt.

ANNIVERSARY BIRTHDAY.—On the 10th of October the Father Mathew Society of Portland propose to give a musical and literary entertainment, that being the anniversary of the birthday of Father Mathew the Irish apostle of temperance. The programme will comprise vocal and instrumental music, a short sketch of Father Mathew's life and works and a supper will be spread for the members and their patrons during the consumption of which there will be toasts drank, speeches without spirits and laugh without liquor.

DEATH OF A COMMERCIAL TRAVELER.—J C Robinson, a traveling agent for the grocery house of Wellman, Peck & Co San Francisco, died at 6 o'clock yesterday morning at the Clarendon House, of congestion of the brain. He arrived on the Columbia Saturday and was taken sick in the evening. Mr Robinson was about 35 years old, and leaves a wife and two children, who reside in Oakland. He was well and favorably known to the merchants of Oregon and Washington. The body will be sent home for burial.

THE TURF AND TARGET.—The attention of every lover of turf sport is called to the announcement which will be found in another column. Commencing on Tuesday, September 28th, will be a grand fall meeting of the turfmen and sportsmen of the northwest at the State Fair grounds. The meeting will continue until October 2d. Some very exciting tests of speed are anticipated, also some interesting exhibitions of marksmanship. Sizeable purses and prizes will be offered.

A BOAT UPSET.—At about 6 o'clock last evening a boat, in which there were a woman and two men, capsized opposite the foot of Yamhill street. Mr. John Watson, who was near the scene of the disaster, went at once to the relief of the discomfited party and rescued them; but not until they were thoroughly strangled, their boat not being sufficiently buoyant to hold them on its surface.

BODY FOUND.—A gentleman who arrived in the city yesterday from Washougal, W. T, informs us that the body of an unknown man was found a few days ago floating in the Columbia river at the mouth of the Washougal. The remains had been in the water so long and were in such advanced stages of decomposition that they couldn't possibly be identified. The body was buried on Wednesday.

DETAINED BY FOG.—The steamer *Geo W Elder* which sailed from San Francisco on Sunday afternoon, was detained off the Columbia bar some time by heavy fog. She crossed the bar yesterday afternoon and arrived at Astoria at 3:45. At 5 P. M she sailed for Portland, and unless detained on the way will arrive, is due at Portland as we go to press.

SURVEYING ST. HELEN'S BAR.—A party of engineers under direction of Col. Gillespie major of United States engineers, are at St Helens making a thorough survey which will be finished tomorrow night. The channel has changed somewhat since the June flood and buoys and beacons will be placed in position without unnecessary delay.

THE TEMPERANCE MEETING.—In consequence of the pressure of other business, Hon J I resigned the presidency of the Temperance Association. Mr J C a young attorney of this city was elected to fill the vacancy thus created. The association is in a flourishing condition.

A PLEASANT AFFAIR.—The *Sentinel* says Sunday was a gala day at St Mary's Academy. All the pupils assembled and gave a musical entertainment and numerous floral offerings to Mother Oliver and the Sisters on their departure for California en route to Canada.

RUNAWAY.—A lad named Eddie Hardie aged 11 years, whose parents reside in Holladay's Addition, East Portland left his home Monday morning for school. Since that time he has not been seen by his parents who are very anxious about him.

PROMOTED.—James Anderson formerly baggage master on the O & C railroad has been promoted to freight conductor and James brakeman to baggage master.

THE NEW CHANNEL.—The new channel mentioned in Tuesday's OREGONIAN through the south spit at the mouth of the Columbia is between Sand island and the middle sands directly south of Chinook spit. In the shoalest place for a distance of about 200 feet there is 18 feet at low water. On the outside of this 200 feet there is a depth ranging from 20 to 30 feet and on the inside 26 to 40 feet at low water. The United States lighthouse tender *Shubrick* which arrived here Wednesday evening will in a few days proceed to the mouth of the river and buoy the channel. It is believed by those well versed in the action of currents on the sands that the channel will gradually deepen and in a very short time become far better and much easier to navigate than either the north or the south channels.

PROGRESS ON THE NORTHERN PACIFIC.—The grade of the Northern Pacific railroad from Ainsworth to Spokan Falls is completed except the Cotter McBean & Co contract of sixteen miles which will be finished within thirty days. The long trestle twenty-seven miles out from Ainsworth was finished this week. Iron sufficient for thirty five miles of road has reached Ainsworth and track laying will begin next week. The entire force of graders is at work between Spokan Falls and Lake Pend d'Oreille and that portion—60 miles—will be well under way before cold weather.

NEW TRANS CONTINENTAL TELEGRAPH LINE.—The government telegraph line which has been in the course of construction this summer has reached, coming westward the summit of the Coeur d'Alene mountains. The line building eastward is within forty miles of the summit. Two companies of soldiers are at work and it is expected that within a month there will be telegraphic communication between Oregon and the Atlantic coast via Idaho, Montana and Dakota to the western terminus of the Northern Pacific Railroad thence along that road to St Paul Minnesota.

HE FOUND THE "EXPRESS" OFFICE.

He was from the north fork of the Santiam. He came into the telegraph office yesterday afternoon with streaks of tobacco juice running from each corner of his mouth, making rich amber colored divisions through his grizzled dirty beard. It was evident from his dress and demeanor that he was unused to city life and that he was a stranger. Approaching the counter he asked

Is this the express office?

Manager Thatcher with customary suavity replied

No sir. You'll find the express office right next door

The old man left but returned in a minute or two and said

"Them fellers in yonder are mistaken or else you are. I want to express a few words to Salo

Thatcher replied You want to *telegraph* don t you?"

Bringing his fist to the counter with a force that shook it, he joyfully exclaimed "Yes, that's it—Telegraph! Darn my soul I couldn't think of the word

When gazing in your lover s eyes
How soon his sense of rapture dies
If there s no sweetness in your breath
If by your falling teeth be shown
That SOZODONT to you s unknown
And that your mouth is suffering death

WE BELIEVE THE CAUSE

Of the wonderful success of our *Murray & Lanman s Florida Water* may be found in the fact that the principal aim in its preparation has always been to give the simple *natural perfume of flowers*, without any chemical addition whatever and to avoid by all means the great error of making a heavy sickly sweet perfume

SCHEFFLER'S BRANDY.

SCHEFFLER S ST HELENA, EDGE HILL VACUUM DISTILLED BRANDY BEFORE THE MEDICAL MEN

At a council of eminent physicians of San Francisco held in June 1879 it was resolved that after thorough tests and analysis Wm Scheffler s Vacuum Distilled Grape Brandy was the purest brandy to be obtained. His process left it free from all deleterious drugs so common especially in the imported brandies, three fourths of which are nothing but grain whisky transformed through their formula of doctoring flavors oil of cognac ether and other drugs equally poisonous. Most druggists as also the first class bar in California sell Scheffler's *Sanitary Vacuum Distilled Brandy*, as well as his Good Old Edge Hill Port, Sherry Amber Hock Riesling and Claret Wines. No wines in California equal those from the Old Edge Hill Vineyards of St Helena. GEO H BEACH Agent

OFFICE OF THE
PACIFIC MUTUAL
LIFE INSURANCE COMPANY
OF CALIFORNIA.

SACRAMENTO July 1st 1880

To all Desirous of Securing the Benefits of Life Insurance:

The first consideration with applicants for life insurance is, or at least should be SAFETY. **Will the Money Paid out for the Policy be Prudently Invested? Are the Affairs of the Company Honestly and Efficiently Administered? When the Policy Becomes a Claim, will it be Promptly Paid,** and thus the object which induced the payment of the premiums be fully attained? These are queries naturally suggested and the character of the answers determines the course of the questioner and the selection of his Company

In this connection the Managers of the PACIFIC MUTUAL LIFE INSURANCE COMPANY [illegible] following facts and statements concerning their Company

[illegible] *death losses on policies amounting in the aggregate* [illegible]

It has Paid [illegible] **for Matured Endowments, Dividends, and** [illegible] **$1,000,000**

[illegible] **and without Litigation.** *No judgment arising* [illegible] *and it has no suits of this character pending*

4 [illegible] **Sworn Experts,** and most thorough and searching investigations made [illegible] and IN EVERY CASE **its Solvency and Trustworthiness have been Demonstrated**

5 Its Stockholders and Directors are widely known as among the most capable business men and ablest financiers of the State of California, and the integrity of their management is unquestioned

6 The laws of the State [illegible] the constitutional provisions affecting corporations are of the most rigid character [illegible] one of the safest institutions of its kind

Section 3 [illegible] of the NEW CONSTITUTION of the State of California is as follows

SEC. 3. Each stockholder of a corporation or joint stock association shall be individually and personally liable for such proportion of all its debts and liabilities contracted or incurred during the time he was a stockholder as the amount of stock or shares owned by him bears to the whole of the subscribed capital stock or shares of the corporation or association. The Directors or Trustees of corporations and joint stock associations shall be jointly and severally liable to the creditors and stockholders for all moneys embezzled or misappropriated by the officers of such corporation or joint stock association during the term of office of such Director or Trustee

Its policy contracts contain no restrictions upon residence or travel and its forms of insurance are unusually attractive. The Low Rate, Deposit Endowment and Mutual Investment Policies are peculiar to this Company and offer advantages to the insured which are not surpassed if equaled by those of any other Company

8. When desired Policies can be registered by the Insurance Commissioner of California on the payment of a moderate fee and a policy holder in the PACIFIC MUTUAL LIFE INSURANCE COMPANY of California has then the *bonded guarantee of the State of California* that the money held by this Company against the contingency of his death is secured by bonds and mortgages deposited in the State Treasury. With December 31st 1879 the Company closed its eleventh year and in so doing affords the *only instance on record* in which a life insurance company in the eleventh year of its existence was enabled to pay its death losses from interest receipts not only was this done but in addition thereto a considerable surplus remained

Believing ourselves entitled to the confidence and business of such as propose effecting insurance upon human life, we solicit their patronage and pledge ourselves to discharge to the best of our ability the important and sacred trust devolved upon us

A Brilliant Campaign Meeting.

SAN FRANCISCO Sept 16.—The finest audience ever gathered within the walls of the Grand Opera House assembled there last evening to listen to an address on campaign topics from the republican standpoint by Hon Emery A Storrs of Chicago The spacious auditorium was packed from orchestra to dome. Doorways, lobbies, stage and wings crowded and boxes and dress circles occupied by ladies in such numbers that the house presented the appearance of a successful opera night, P B Cornwall called the meeting to order Gen. Miller was called to the chair and with a few remarks introduced Mr Storrs who kept the audience during the evening vibrating between bursts of applause and roars of mirth with his flights of eloquence and sallies of wit. The meeting was by far the most brilliant of the campaign.

The Red Hot Rebel Yell

[From the Cincinnati Commercial Ind]

In this democratic report, Lee and Jackson appear three times, and the signification is the same in each case "Think how Lee would have voted think what Jackson would have done," and then we only need New York and Indiana! If this isn't the red hot rebel yell, no one ever heard of it in this country If people want to gush forever, with slavish sympathy for those who rebelled against the great republic in behalf of slavery, and desire to be accounted the groveling servants and sycophants of the south—white slaves taking the place of the blacks who were emancipated—we suppose they cannot be prevented from doing so, but they should face the music both ways The democratic party is now the confederate party and nothing else has no principle in public affairs beyond the basest subserviency to all who represent slavery and rebellion If the democratic ticket is elected, and that party holds the house and gains the presidency the utterances that Hampton now seeks to soften will be the court language in Washington and it will not be held respectable to have [illegible] and union Hancock himself will be in an apologetic attitude acknowledging the divine right of the southern [illegible] to rule the country and be will be the [illegible] brethe[illegible] of the confederate administration carried on in his name

Spiritual Consolation

[From the Los Angeles Herald]

A good joke is available at the expense of Rev Wm H Hill the much respected Episcopal clergyman of Los Angeles A lady parishioner of his was supposed to be lying at the point of death As in duty bound Mr Hill paid her a visit to impart the last consolation of religion He was met at the door by the invalid's husband who stated by the physician's orders no one was to be admitted to see his wife "But, said Mr Hill, "I understand that she is at the point of death, and needs spiritual consolation [illegible] and the good hearted but obdurate husband she has the best spiritual consolation the market affords Dr Barton has tasted of it and he says it is excellent and if he don't know who does, Money is no object when it comes to spiritual consolation for a poor sick wife

THE NORTHWEST.

Western Oregon.

Wheat is still held at 70 cents in Salem

The river at Salem is four feet above low water mark

The taxable property of Clackamas county is $1 866 185 which is $42 000 less than last year's amount The number of polls in the county is 1505 The late assessor succeeded in capturing $152 from Chinamen and $251 from transient Caucasians

An embryo railroad town called Junction is situated on Howell Prairie where the feeder leaves the main line of the narrow gauge road and runs to Geer's farm on the Waldo Hills A depot warehouse and turn table will be built at this point From it a due west line will run through the fair grounds near Salem and thence to Front street and up to a point where there will be a depot

Enterprise The honorable county court of Clackamas county has purchased a new Hall's burglar proof safe for the county treasurer for the sum of $ [illegible] This was something that was urgently needed as the present safe though good enough for a fire proof safe was of no use to keep money in Too many people were aware of its deficiency for the safety of any large amount of public funds The old safe is needed in the clerk's office for the preservation of the fast accumulating records

Eastern Oregon

Grant Bros are putting up a fire proof building in The Dalles 12x44 feet

Henry Norcoss who received serious injuries at The Dalles last week by being run over by a horse and buggy is recovering

The apportionment of school funds in Wasco county is $1 13 for each pupil reported The entire amount is $2 889 41 of which The Dalles school district receives $709 64.

Idaho.

The new military post is talked of being built on Waha prairie Gen Howard favors the location

Major Sanderson an old time resident of Idaho was found dead near his cabin September 1st His death evidently was accidental but precisely how it occurred is not known

A large warehouse is being built on the Snake, just below Lewiston for the accommodation of farmers from the northern country who are obliged to avoid the high priced ferriage to that city

Respectfully Dedicated to "Whom it May Concern"

[From the Salem Statesman]

Two years ago the legislature of this state was democratic, to day it is republican Last time there was a United States senator to elect, and consequently too much wire working for the election of particular and personal friends to the legislature In the struggle to elect friends favoring certain men the legislature was lost, and the democrats elected the senator while the republicans had left them only the privilege of sighing over "what might have been" This time there was no quarreling and wire working, and the result is a republican victory and a democratic waterloo The results of the two campaigns speak for themselves in language unmistakable

Away with Humbug Studies.

[From the San Francisco Chronicle]

If the purely ornamental studies are abolished in the public schools, and the money of the people honestly expended in giving pupils a good English education, parents will be better satisfied, taxpayers will not have so much occasion to grumble, and the state will be benefited When the purely ornamental and nonsensical branches are knocked out of the course of study in the schools, and the teachers now teaching these branches at high salaries are dismissed, there will be enough money left to pay higher salaries than are paid at present to the really useful teachers.

The wheat market continues very dull A few sales occurred yesterday afternoon and to day, however at a trifle better rate than offered for some days before We learn that one lot of 4000 bushels of wheat changed hands at $1 87½ per cental and that several small lots were sold at the same figure One lot of good quality Walla Walla was sold for $1 25 per cental Grain is piling up in warehouses up the valley, holders delaying shipments till they are inclined to sell As the crop is very large, much greater than is generally supposed, there will be difficulty in getting it down promptly owing to incapacity of the railroads. Holders will do well to consider the question of transportation as one of the problems of the year Receipts of wheat for the week ending last night were, Willamette valley 15,490 sacks, Walla Walla, 15 295 sacks

Freights continue firm, in fact are hardening We have one charter to report—the Oasis wooden ship at 62s 6d, U K. Negotiations are pending for the charter of three other of the disengaged ships now in the river

The only arrival since yesterday is the coaster Portland with a cargo of merchandise from San Francisco Excepting the regular San Francisco steamer which sailed at 3 o'clock this morning, there was no departure to day

The English Crop not so Good as Expected—Sales for Last Week

SPECIAL DISPATCH TO THE OREGONIAN]

LONDON Sept 14—The *Mark Lane Express* in this week's review says: "The harvest is nearly completed in most of the counties of England and quite finished in south where the grain is mostly stacked in very excellent condition with threshing proceeding freely The crop of wheat is variable at best, and very generally disappointing as a considerable portion is blighted. The entire wheat yield has been generally over estimated because insufficient allowance was made for the inevitable result of blight and mildew and fine weather at the end of August failing to be an expected remedy for the shortcomings of an adverse season Root crops have been in great need of rain the ground being very dry and hard The splendid rain of last Saturday therefore was generally welcome The bulk of crops in Ireland and [illegible] and have been secured under most favorable circumstances Offerings of English wheat in Mark Lane and the provinces are of moderately large proportions and the sample are excellent, the contrast [illegible] tion with last year's wretched produce being very marked Some samples of new barley also appeared being variable in weight and color The attention of the millers is devoted almost exclusively to home produce as it was purchased at such very moderate prices that for a while foreign was left out of account The supply imported having quite outstripped the demand arrivals have now gone into warehouse The week closed with a weakened feeling, though prices showed no quotable change Sales of English wheat during the week were 28 145 quarters at 42s 2d against 1 [illegible] quarters at 47s 11d for the corresponding period of last year Imports into the kingdom during the week ending Sept 4th were 2 105 027 cwt of wheat and 249 788 cwt of flour

Catarrha

POISON

Wei De Meyer's Treatise on Catarrh, explains the following important facts

1 That Catarrhal Colds become a poisonous infection, at first local and finally constitutional

2 That, being constitutional the infection is beyond the reach of mere local remedies

3 That impurities in the nostrils are necessarily swallowed into the stomach and inhaled into the lungs thus poisoning the Digestive Respiratory and Genito urinary organs

4 That Catarrhal virus follows the mucous membrane and causes Deafness Dyspepsia Chronic Diarrhœa Bronchitis Leucorrhœa and Consumption

5 That Smokes, Douches Inhalations and Insoluble Snuffs cannot possibly remove infectious inflammation from the organs named

6 That an antidote for Catarrh must possess an inoculative affinity for and the quality of being absorbed by, the purulent mucous wherever located.

Based upon these plain theories. Dr. Wei De Meyer's Catarrh Cure has proved to be infallible It not only relieves, it cures Catarrh at any stage. Home testimony
